HOB HL3G

HL3G incorporated Fotile unique '5 Nozzles Drive' burner design which consists of 5 nozzles and 5 burning chambers. This design is created to eliminate the problem of instability in burning while ensuring consistency in burning.

HOOD EH11

One of the modern design of Fotile hood series, EH11 uses patented "Clean and clear" filter system, designed for effective filtration and easy cleaning purposes. The hood is embedded with LED light which is energy saving and does not burn the hands.

OVEN KEG6002

The 7 cooking programs let you enjoy the fun of baking a cake, grilling a chicken and roasting food. This oven has touch function and comes with a digital display which precisely indicates the temperature and time while cooking. This oven also has 5 level shelf positions with a stainless steel holder.

MICROWAVE OVEN HQ25800K-01

This Microwave Oven has independent ventilation system, comes with grill power and is able to achieve faster heating. Design with Safety Child lock and timer features, the microwave has constant temperature control system to ensure the microwave oven is not overheated which enhances the safety level.
