

HAPPINESS STARTS IN YOUR KITCHEN

Since its inception in 1996, FOTILE has carved a niche in the industry of being the No 1 high end kitchen appliances brand in China, specializes in developing built-in kitchen appliances like hoods, hobs, ovens, combi ovens, microwave ovens, steam ovens and sink dishwashers.

We have the largest R&D center in the world with **8000sqm**. With technology, innovation design and performance as the key factors in Fotile manufacturing, we have achieved **13000+** patents in product and **3300+*** in invention, bringing innovative and good quality product to over **17 millions** of families around the world. FOTILE commitments to excellence not only bringing satisfaction to our customer, we have won a numerous international accolade namely RedDots design awards, IF Product Design Award that uplifting the industry standard of designs and product innovations.

At FOTILE, our business is built on the foundation of product innovation and creating kitchen appliances that are functional, stylish and family oriented. That is why FOTILE is constantly inventing, designing and creating extraordinary products while maintaining its reputation as a leading kitchen expert that puts families at the first place.

Marking a remarkable milestone, FOTILE has launched its first largest kitchen appliances gallery named the FOTILE Style located at Taojiang road, Shanghai, in year 2012. This gallery showcasing the brand's most prestigious kitchen appliances. A 'futuristic corner' is introduced in this gallery, allows visitors a glimpse into some of FOTILE'S most innovative technology.

With over 20 years of experience in servicing Malaysian customers, FOTILE Marketing Sdn.Bhd as the sole distributor of FOTILE kitchen appliances in Malaysia, has the expertise to offer functional and stylish kitchen appliances that suited to Asian cooking.

Today, FOTILE Malaysia enjoys its position as a reputable premium kitchenware brand in Malaysia with a strong following of happy and satisfied customers. We strive to innovate our product and service, providing a full spectrum of cooking solutions that caters to every Malaysian kitchen need.

FOTILE

FOTILE

Where Eastern Innovation Meets Western Elegance

Powerful Suction | Turbo Vent | Sleek Design

FOTILE Z

Traditional Range Hood

Poor extraction and ventilation at source

Obtrusive cabinet Head bumps during cooking

Design mismatch with cabinet. Tedious installation

Hard-to-clean detachable oil filter & inner cavity

New FOTILE Range Hood

Powerful extraction at source only 560mm from the stove

Spacious illusion with flush-mounted design

Slim design for seamless cabinet integration

Sleek panel & easy-to-remove and clean grille filter

FOTILE Z

Wider Area, Closer Extraction Effective Ventilation

900
mm

900mm-Wide Suction Plate

Its **900mm-wide** suction plate intercepts cooking smoke and extracts it before it spreads.

560
mm

560mm Closer Extraction

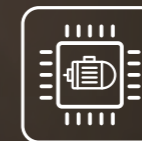

Only **560mm** from the stove and about 150mm lower than traditional range hood, it effortlessly captures cooking smoke straight at its source.

Silent & Powerful Extraction

NVH Technology

NVH technology addresses noise, vibration, and harshness from multiple angles to create a more pleasant cooking environment for you. It includes features such as a BLDC motor, vibration dampers, sound-absorbing fiber cotton, a bionic wing impeller, and noise-reducing components.

Stronger Brushless Direct-Current Inverter (BLDC) More Powerful, Better Efficiency

The BLDC motor uses Microchip Technology along with field-oriented (FOC) algorithm boosts maximum static pressure up to **1140 Pa** with an unrestrained airflow of **2450m³/h** to remove cooking smoke while keeping noise level as low as **40dB**.

FOTILE Z

Fulfill the needs of hanging cabinet
installation with a depth \leq 350 mm

375mm

FOTILE

Elegant Design Seamless Integration

Versatile Installation

325mm ultra-slim hood design perfectly matches any cabinet to define your ideal kitchen.

Flush Mount • Raised Mount • Independent • Combination

Integrated Kitchen Space

Integrates seamlessly into cabinets, enhancing the kitchen's visual appeal and avoiding head bumps while cooking.

Elegant Black Tempered Glass

The sophisticated black tempered glass blends gracefully with the kitchen space and highlights its premium quality.

Colour Touch Panel

Enjoy the ultimate user experience with the new colour UI interface on the black panel which offers intuitive touch controls.

Smart Cooking Experience

Smart Sync*

Sync gas hob with range hood. Upon gas hob ignition, range hood automatically turns on to remove cooking smoke.

*Hood-hob sync needs to be paired with FOTILE's range hood that has sync feature. Available in hob model GEG88201.

Intelligent Air Management

Automatically detects harmful gases in the air before ventilating and purifying the air to keep your kitchen fresh, even when you are not cooking or in the kitchen.

Air Condition	Fan Mode
 Good	Off
 Normal	Low Speed
 Severe	High Speed

Smart SMOTION (Smoke + Motion) Detection

Simply wave your hand to activate the range hood and lights. Stress-free and cook like a breeze!

Smart Sync*

Smart SMOTION
(Smoke + Motion) Detection
