FOTILE X

Redefine Your Kitchen

CLOSER EXTRACTION FROM COOKING SMOKE

CLOSER EXTRACTION

Only **335mm** from the stove - almost half the distance of a traditional range hood, the FOTILE X-Series captures cooking smoke straight at the source.

WIDE SUCTION PLATE

Its **900mm-wide** suction plate intercepts cooking smoke and extracts it before it spreads.

STRONGER BRUSHLESS DIRECT-CURRENT INVERTER (BLDC)

MORE POWERFUL, BETTER EFFICIENCY

The BLDC motor uses Microchip Technology along with field-oriented (FOC) algorithm boosts maximum static pressure up to **990Pa** with an unrestrained airflow of **1930m³/h** to remove cooking smoke while keeping noise level as low as **42dB**.

FASTER COOKING SMOKE HIGHWAY

REAR EXTRACTION DESIGN

The rear extraction design allows the extraction motor to rotate 180°, actively reducing the distance of cooking smoke and extracting it in a straight path.

PATENTED NAUTILUS AIR PASSAGEWAY

Reduces wind resistance and noise. With the 3-point Extraction System, cooking smoke is collected, extracted and removed in a single uninterrupted path. **Patent No. 01132056.7**

SMARTER AIR DISTRIBUTION

INTELLIGENT AIR DISTRIBUTION

With a touch of a button, the FOTILE X-Series can **focus its extraction power** to either side of the hood.

STRONGER EXTRACTION POWER

Divert extraction power up to **70%** on either side of the hood.

HIGHER AIR PRESSURE

Increase air pressure for another **50%** on either side of the hood.

SMART SMOTION

(Smoke + Motion) Detection

Turn the hood on and off with the **wave of a hand**.

EASY TO CLEAN

All-new filter-free design with glass frame, just wipe to restore it to its original lustre.

LOW NOISE LEVEL

BLDC motor with multiple noise-reduction technologies. Noise level produced is as low as **42dB**.

Where Eastern Innovation Meets Western Elegance
Powerful Suction | Turbo Vent | Sleek Design

FOTILE Z

DOUBLE POWER SYSTEM

AUTO TURBO SYSTEM

Increase extraction power automatically when resistance is detected.

BRUSHLESS DIRECT-CURRENT INVERTER (BLDC)

Doubling extraction power by achieving air pressure up to **1140Pa** with an unrestrained airflow of **2,450m³/h**, keeping noise level as low as **40dB**. Available in range model ZMG9057

INTELLIGENT SUCTION & EXTRACTION SYSTEM

DELAY OFF TIMER

Hood will run for **2 minutes** to extract the remaining cooking smoke in your kitchen.

SMART SMOTION (SMOKE + MOTION) DETECTION

Turn the hood on and off with the **wave of hand**.

INTELLIGENT AIR MANAGEMENT

Ventilates harmful gases in the kitchen automatically to keep the kitchen air fresh.

Air Condition	Good	Poor	Severe
Fan Speed	 Off	 Medium	 Strong

SPACIOUS ENTRY CAVITY

OPTIMAL COOKING SMOKE CONTROL ZONE

Only **560mm** from the stove. Fully trap cooking smoke before it starts to spread.

WIDER CHAMBER ENTRANCE

900mm wide chamber and a **415mm depth distance** distance from the wall to opened buffer plate contain the spread of your cooking smoke in a confined area.

HIGHWAY FOR COOKING SMOKE

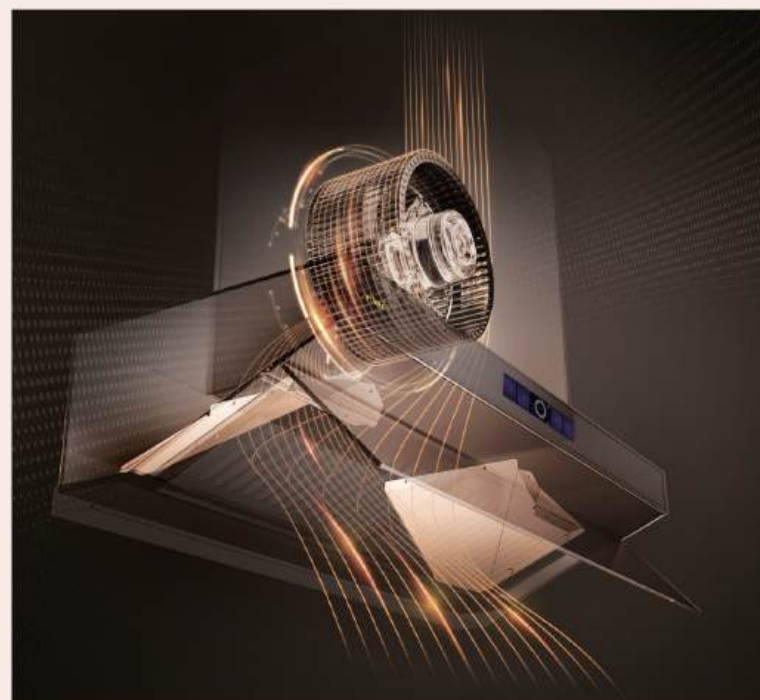

DIRECT-FLOW SYSTEM

Leads cooking smoke from chamber entrance to exhaust in one straight line with zero to minimal obstruction.

3-STAGE VERTICAL ACCELERATION

Let cooking smoke travels easily through smoke chamber.

NVH TECHNOLOGY

Addresses noise, vibration and harshness from multiple angles to lower noise level to as low as **40dB**. It includes features such as BLDC motor, vibration dampers, sound-absorbing fiber cotton, bionic wing impeller and noise-reducing components.

ELEGANT DESIGN

325mm ultra-slim hood design with elegant black tempered glass perfectly matches any cabinet to define your ideal kitchen, highlighting its premium quality.

EASY TO CLEAN

Dual removeable grille filter for easy attachment and detachment when necessary.

EPS-i SERIES GAS HOB

Smart SYNC, Smart Flame

SMART SYNC

FLAMES IN, SMOKE OUT

Sync gas hob with range hood. Upon gas hob ignition, range hood automatically turns on to remove cooking smoke.

Hood-hob sync needs to be paired with FOTILE's range hood that has sync feature. Available in hob model GEG88201.

SMART FLAME

7+N ADJUSTABLE FLAME LEVELS

Easy to identify flame levels from keeping food warm or stir-fry cooking.

5.35KW HIGH FLAME POWER

From lowest **0.28kW** to **5.35kW** high flame power. More than 60% heating efficiency for optimum level of flame for fast cooking with low gas consumption.

SMART TIMER

ACCURACY GUARANTEED

180-min timer. Constant monitoring is no longer needed. It automatically turn off the fire at desired time, eliminating the chaos in the cooking process.

Available in hob model GEG88201.

NEW

EFFICIENT HEATING

REDUCE TIME CONSUMPTION BY **13.5%**

SAVE GAS CONSUMPTION BY **15%**

According to lab test result on boiling 1 kg of water to 95°C by comparing EPS-i burner to other burners.

ADJUSTABLE CUT-OUT SIZE

EASY INSTALLATION

With a customizable range of 700-840 (w) x 400-480mm (d), changing your hob is much easier.

SAFETY WITH FULL PROTECTION

Auto cut-off gas for continuous cooking up to **4 hours**. Available in hob model GEG88201. 4-layer explosion proof panel and **12 safety features** to safeguard you and your family.

INSTANT IGNITION

FOTILE EPS-i is built for instant ignition, giving you roaring flames the moment you demand it.

FROM STEWING TO STIR-FRYING, THE EPS-I BURNER CAN DO IT

Stewing

Simmering

Boiling

Stir-Frying

Deep-Frying

0.28kW

5.35kW

More Than High Flame Power

SUPERFLAME SERIES GAS HOB

POWERFUL HEAT

5.0kW heating load, 60% heating efficiency. Powerful and fast cooking.

SAFE COOKING EXPERIENCE

12 safety features for a safer cooking experience.

STABLE PAN SUPPORT

Stable flames. Stable pan support to hold the wok.

DURABLE AGAINST RUST

High-Quality Aluminium Alloy burner, long lasting and durable against rust.

FAST IGNITION

0-second ignition with fast ignition feature.

SAVE GAS CONSUMPTION

60% heating efficiency, saves 20% on gas consumption.

6 CORE TECHNOLOGIES

Pressure-stable
pre-mixing chamber.

Large flame hole.

U5-balanced direct
injection chamber.

Oxygen augmenting fire cap.

Oxygen supplementation channel.

Double-stabilized flame ring.

ADJUSTABLE CUT-OUT SIZE

Easy Installation

Say hello to FOTILE Super Flame's adjustable cut-out size. FOTILE Super Flame makes it easy for any family in home to make change.

PAN SUPPORT

Thoughtfully Stable

With a pan support diameter of 165mm, FOTILE Super Flame's ultra-stable wok support is tailor-made for classic Southeast Asian sharp-bottomed wok, giving your cooking experience an extra dash of safety.

INSTANT IGNITION

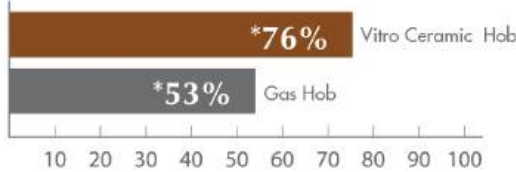

Typical gas hobs require you to press the ignition for a relatively long time, and more often than not, the fire goes out right as you release the button. To that, we say no more, FOTILE Super Flame is built for instant ignition, giving you roaring flames the moment you demand it.

VITRO CERAMIC HOB

The Most Powerful In Its Class

MAXIMUM EFFICIENCY

Lower energy consumption and less heat loss for shorter cooking time and maximum efficiency. The hob is able to reach 598°C in just 4 minutes. Energy consumption from as low as RM0.22kWh**

* FOTILE National Standard Lab Testing Result

**Based on current TNB tariff rate for residential usage & depending on individual household electricity consumption.

GERMAN QUALITY

SCHOTT CERAN GLASS & E.G.O. HEATING COIL
German-made SCHOTT CERAN glass and E.G.O heating coil.

TOP-NOTCH SAFETY

Digital timer, child lock, overheating protection, safety off switch and high heat indicator.

INDUCTION HOB

For A Faster and Safer Cooking Experience

REMOVABLE MAGNETIC KNOB

Operate with just a twist of knob.
Lift the knob to pause the hob.

TOP-NOTCH SAFETY

DIGITAL TIMER

Timer up to 99 mins.

STANDBY MODE

Lift the knob to pause the hob.

CHILD LOCK

Lock all buttons in the operational area.

SAFETY SWITCH OFF

Automatically switch off the hob if left idle for 2 hours.

HIGH HEAT INDICATOR

When surface temperature more than 55°C.

OVERHEATING PROTECTION

Shut down if pot dries up and temperature goes above 250°C.

POT DETECTION

After burner heats up and no pans are in its place, it will shut down the appliances after 1 minute.

OVERHEATING PREVENTION

Lower power level to 300W for 1 minute if temperature reach 120°C within 30 sec.

3 CORE TECHNOLOGIES

4x MAGNETIC PROTECTION

More Efficient and Worry-free Cooking Experience

LARGE HEATING ZONE

For Even Heating. Copper Coil Boost Efficiency

DUAL-CORE CPU

Precise and Faster Execution

A Baking Good Time For The Family

REX

MASTER
Series

OVEN

ACCURATE TEMPERATURE CONTROL

Ensure that your food is baked evenly. Say goodbye to unstable temperatures and half-cooked meals!

70L LARGE CAPACITY

Size matters! Bake food of all shapes and sizes effortlessly with the oven's 70L capacity and 5-layer side rack.

ENVIRONMENT FRIENDLY

LOW-E GLASS

The safe-to-be-touched double Low E-glass door prevents heat loss by keeping the surface of the door below 45°C.
(Applicable for oven model KSG7003AT & KSS7002A)

ENERGY SAVING

A-level energy efficiency.

HUMANIZED DESIGN

BEGINNER FRIENDLY

Create a variety of delicious flavours with our Easy Tips.
(Applicable for oven model KSG7003AT & KSG7007A)

OVERSIZED WINDOW

Ultra-large window provides a clear view of the baking area.

DAMPING HINGE

Allows the door to be stopped and stay balanced at any angle.
(Applicable for oven model KSG7003AT & KSS7002A)

ANTI-SPILL GRILL

Enable the grill to be balanced perfectly for increased safety.

USER-FRIENDLY

3-simple steps to operate the oven.

STEAM OVEN

Cooks Healthy and Delicious Meals For Your Family

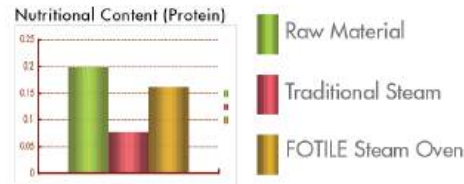

FAST HEATING

LARGE HEATING PLATE DIAMETER

Dual heating tube spiral distributor for increasing power and rapid temperature rise.

PRESERVES FOOD NUTRITIONS

100% steam heating technology retains more nutrients of your food.

8 PRESET STEAM PROGRAMS

Experience hassle-free cooking with 8 automatic preset programs.

EVEN HEATING

By placing the steam inlet at the centre of the back cavity, the steam flows upwards and downwards throughout the whole oven, allowing even heating of food in the upper and lower layers of the oven.

MULTI-LEVEL COOKING

DYNAMIC BALANCE SYSTEM

Multi-level cooking is also possible with 3 separate shelves. This technology prevents mixing of different tastes from foods on different shelves. It also recirculates the steam to save water.

1° DEGREE PRECISE TEMPERATURE CONTROL

Having a temperature deviation that do not exceed 1° a key factor for delicious meals.

EASY TO CLEAN

Upgraded to dry heating plate, hence reducing the water accumulated at the bottom plate and easier to clean.

THOUGHTFULLY DESIGNED

8 INSTANT COOKING MENUS

Experience hassle-free cooking with 8 automatic menus.

SAFETY LOCK

Security function created especially for families with children.

3 AUTO-DEFROST FUNCTIONS

Defrost various foods.

MICROWAVE OVEN

Heats Up A Variety of Food Instantly

COOKED TO PERFECTION

MICROWAVE AND LIGHT WAVE HEATING SYSTEMS

Whether it is the microwaving mode, light wave heating mode or even both at the same time, you can now enjoy a more efficient way of cooking.

HASSLE-FREE SOLUTION

INDEPENDENT VENTILATION

Discharges hot air from its front panel and cooking components to maximize their functions and prolong the lifespan. Oven can be directly built in without the hassle of having ventilation outlets built on the cabinet.

FLATBED MICROWAVE

(Applicable to microwave oven model HW25800P-C2T)

- EVEN HEATING

Send heat at many angles. Cook food more evenly.

- LARGE COOKING SURFACE

Covers the entire bottom of cavity. Fits more food as it utilizes the capacity.

- EASY TO CLEAN

Cleaning with just a wipe. Makes cleaning quicker and easier.

One For All, All at Once **COMBI OVEN**

NEW

HZK72-H1

Steam

Bake

Air Fry

Dehydrate

STEAM-BAKE SMART COMBO

Steam and bake functions at the same time. Users can bake and steam food without being limited by sequential processes.

**This function offers to P50-52 preset menu only.*

MULTILAYER COOKING

Simultaneously steam or bake multiple food at once. Easy to prepare meals for a family gathering, special occasions, or simply when batch cooking for the week.

- STEAM

4 STEAMING FUNCTIONS - LOW, NORMAL, HIGH, MULTI-LAYER STEAM

Low steam of temperature as low as 30 °C to high steam with temperature up to 120 °C. Powerful steam generated in just 50s.

DYNAMIC STEAM BALANCED TECHNOLOGY

Ensure fresh steam supply and preserves the taste of your food.

- BAKING

10 BAKING MODES

- | | | | |
|--------------|-------------------|--------------|--------------|
| • Up Down | • Full Convection | • Steam Bake | • Multi Bake |
| • Convection | • Grill | • Pizza | • Broil |
| • Eco Bake | • 3D Grill | | |

UNIFORM TEMPERATURE

Ensures that your food is baked evenly. Say goodbye to unstable temperature.

STEAM-BAKE - LOW, MEDIUM, HIGH HUMIDITY

Able to choose the level of moisture for your food. Retains the moisture of your food during baking.

AUTO HUMIDITY TECHNOLOGY SYSTEM

Intelligently control top and back fan - 1000r/min (top fan) + 1900r/min (back fan) to maintain the most appropriate humidity in the cavity, ensuring the best cooking effect.

AIR-FRYING

OIL-FREE COOKING

Fat removal rate up to 98%. Dual fan high speed rotation with high temperature to remove excessive fat of your food, making your food crispier.

DIAMOND BLUE ENAMEL COATING

Improved resistance to acid and alkaline, oil resistance, durable and easy to clean.

DEHYDRATING

PREVENTS OXIDATION OF FOOD

Dual fan high speed rotation with low temperature to prevent oxidation of food.

EASY TO CLEAN

- **DESCALE**
Deep cleans the oven's chamber.
- **HIGH TEMPERATURE STEAM CLEAN**
at 100°C for 10 minutes.
- **DRY VENTILATION**
Drying the chamber.
- **DEODOR**
Cavity deodorization.

HUMANIZED DESIGN

- **3 LAYER GLASS WITH LOW-E**
keep the door surface safe to touch during operation.
- **55 PRESET MENU**
to cater all your cooking needs.
- **72L CAPACITY**
Cook food of all shapes and sizes effortlessly.

PROOF FUNCTION & KEEP WARM FUNCTION

Ferments dough with shorter time using 'Proof' function. You can also keep your food warm and defrost using 'Keep Warm' function too.

DEFROST FUNCTION

Rapid thawing of frozen food.

DISHWASHER

Introducing
HydroJet Technology
THE ZERO HERO

ZERO DIRT

HIGH PRESSURE HYDROJET TECHNOLOGY

Hundreds of billions of cavitation bubbles are continuously generated in water, accelerating the speed and momentum of the water flow to remove stubborn stains effectively. Inspired by the cleaning technology of the bottom of a submarine.

Patent No. 202211216010.X & 202010288660.X

BRUSHLESS DIRECT-CURRENT INVERTER (BLDC)

Provide a maximum **40,000 Pa** strong water pressure and adjusts according to different wash settings to provide a stable and powerful wash.

ALL-CLEAN INTELLIGENT CLEANING SYSTEM

2 main spray arms + 2 supporting spray arms at the back of the chamber enhance cleaning effect by forming a 4-layer enveloping spray, alongside with 37 larger spray holes for a wider coverage to clean dishes.

ZERO ODOUR

AUTOMATED DRAINAGE SYSTEM

Water drainage is tilted for 15° and automatically closes its valve after washing to prevent backflow of sewage, keeping dishwasher odourless and clean.

Patent No. 202023337590.7

ZERO-DIRT

ZERO-ODOUR

ZERO-WORRY

ZERO-WASTE

ZERO WORRY

Dual ventilation drying distributes heat evenly and effectively. Eliminates **99.99%** of harmful bacteria under high temperature of **75°C**.

Patent No. 202121479074.X

ZERO WASTE

SMART SPACE MANAGEMENT SYSTEM

It expands a partition and divide the chamber into upper and lower layer. Saves your water, time and energy consumption.

Patent No. 202010664979.8

Time-saving

UP TO **30%**

Water-saving

UP TO **40%**

Energy-saving

UP TO **50%**

STORAGE FUNCTION

Automatic ventilation to store your dishes after cleaning up to **96 hours**.

SILENCE+ TECHNOLOGY

Noise level of only **42dB**.

AUTO MODE

Automatically detect the dirtiness level of your dishes to run the ideal cleaning program.

INNOVATIVE DESIGN

- **AUTO-CLEAN PROGRAM**
Keeping dishwasher cavity clean and odourless.
- **6 CORE + 4 ADDITIONAL PROGRAMS**
to cater all of your needs.
- **ADJUSTABLE HEIGHT**
Adjustable height of 30mm to suit various cabinet height for a worry-free installation.

HUMANIZED DESIGN

- **PERFECT FOR FAMILY**
Fits up to 94 tablewares.
- **MEMORY CLEANING**
Panel displays the previous cleaning mode, no need to reset everytime.
- **EXTERNAL VENTILATION**
Prevent cabinet from getting moldy by releasing hot air externally.

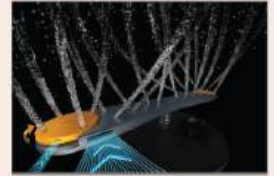

Beyond Clean

Your All-in-One Clean, Dry, Sterilize, Store Solution!

ALL-CLEAN INTELLIGENT CLEANING SYSTEM

High Pressure HydroJet Technology 3.0 + Orbit System Spray Arms
Effectively reaching, and cleansing the most challenging spots within your dishwasher.

TRIO VENTILATION DRYING

Dual hot air + 1 ambient air ventilation drying distributes heat evenly and effectively.

100°C STEAM STERILIZATION

Eliminates 99.9999% of harmful bacteria.

168 HOURS STORAGE

SMART DESIGN

- Knock Twice to Open

Simply give the door two quick knocks, and watch as it glides open effortlessly, granting you easy access to its interior.

- AutoDose+, Automatic Detergent Dispensing System

The liquid and rinse aid dispenser holds sufficient detergent for 15 washes.

- Smart Projection

Display the remaining time of the washing cycle. The projection light will only begin displaying the countdown once the door is securely closed and running.

INNOVATIVE DESIGN

6 CORE + 6 ADDITIONAL PROGRAMS
To cater all your needs.

LOW NOISE LEVEL
As low as 40 dB.

AUTO-CLEAN PROGRAM
Keeping dishwasher cavity clean and odourless.

AUTO MODE
Automatically detect the dirtiness level of your dishes to run the ideal cleaning program.

FLEXIBLE RACK ARRANGEMENT

Both upper and lower levels of dish racks offer dedicated spaces, accommodating larger items while providing designated areas for small utensils and specialized sections for irregular items like knives and spatulas.

FOTILE 3-IN-1 SINK DISHWASHER

THE World's 1ST 3-In-1 Sink Dishwasher

HIGH PRESSURE HYDROJET TECHNOLOGY

Hundreds of billions of cavitation bubbles are continuously generated in water, accelerating the speed and momentum of the water flow to remove stubborn stains effectively. Inspired by the cleaning technology of the bottom of a submarine.

Patent No. 202211216010.X & 202010288660.X

BLDC BRUSHLESS DIRECT-CURRENT INVERTER

Provide a maximum **40,000 Pa** strong water pressure and adjusts according to different wash settings to provide a stable and powerful wash.

ALL-CLEAN INTELLIGENT CLEANING SYSTEM

360° CLEANING WITH NO BLIND SPOTS

FOTILE's sink dishwasher rotary spray is designed create a strong water-fall-like blanket of water for a more thorough cleaning. Eliminates **99.99%** of harmful bacteria under high temperature of **75°C**.

AUTOMATED DRAINAGE SYSTEM

Water drainage is tilted for 15° and automatically closes its valve after washing to prevent backflow of sewage, keeping dishwasher odourless and clean.

Patent No. 202023337590.7

TRIPLE CONVECTION DRYING

Utilizes unique "PTC hot air + residual heat + ventilation" triple drying technology. After the washing cycle is complete, the door automatically opens, allowing hot air to blow in and accelerate drying. Internal moisture is naturally expelled, preventing it from being trapped inside the cabinet.

STORAGE FUNCTION

Automatic ventilation to store your dishes after cleaning up to **96 hours**.

PURIFIER FOR FRUITS & VEGETABLE

Remove all the harmful pesticides residues using HydroJet technology.

Strawberry
- Delicate wash

Apple
- Intensive wash

Potatoes
- Intensive wash

Seafood
- Standard wash

HUMANIZED DESIGN

EXTRA LARGE SINK SIZE

The sink's dimensions are 455mm (w) x 405mm (d) x 211mm (h) providing plenty of room for your large pots and pans.

PERFECT FOR FAMILY

Fits up to 55 tablewares.

SAVES SPACE

Works as a sink, fruit and vegetable purifier and dishwasher, 3-in-1 appliances, saves your kitchen space.

NO MORE BENDING DOWN

No more bending down to load dishes, the Sink Dishwasher is perfect for pregnant women and the elderly.

THE GRAND KITCHEN

Imagine a kitchen not only defined by sophisticated style and luxurious finishes, but equipped to deliver the cooking solution that caters to every Malaysian kitchen's need. Embrace this timeless luxury styled with FOTILE Rose Gold series kitchen appliances.

KITCHEN DESIGN IDEAS

ONE OVEN PLUS

One Oven To Cook It All

STEAM

4 STEAMING FUNCTIONS - LOW, NORMAL, HIGH, QUICK STEAM

Low steam of temperature as low as **30 °C** to high steam with temperature up to **120 °C**. Powerful steam generated in just **30s**. Quick steam assist in steaming frozen food without defrosting them. Preserves the taste and texture of your food.

DYNAMIC STEAM BALANCED TECHNOLOGY

Ensure fresh steam supply and preserves the taste of your food.

BAKING

5 BAKING MODES

Full Convection	Convect Bake	Top Bottom	Broil	Steam Bake
				
Top + Bottom Rear + Fan	Rear + Fan	Top + Bottom	Top	Top + Rear + Fan + Steam

DUAL TEMPERATURE CONTROL

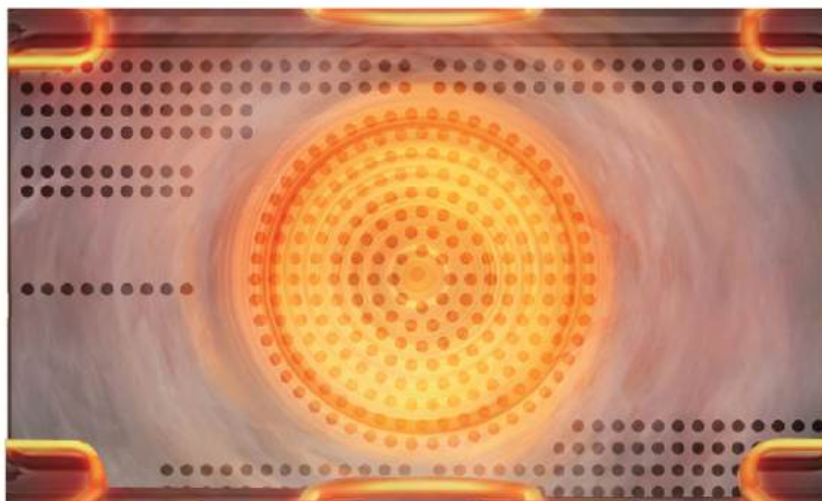

Separately control top and bottom heating element. Temperature difference up to **30°C**. eg. Top 180°C, Bottom 150°C.

UNIFORM TEMPERATURE

Ensures that your food is baked evenly. Say goodbye to unstable temperature.

STEAM-BAKE

3 Levels of Humidity to choose. Retains the moisture of your food during baking.

NEW

AIR-FRYING

OIL-FREE COOKING

High speed hot air rotation - **2000r/min** with **98.6%** Fat Removal Rate to remove excessive fat of your food, making your food crispier.

DEHYDRATING

PREVENTS OXIDATION OF FOOD

High Speed Rotation – **2000r/min** to prevents oxidation of food.

EASY TO CLEAN

- **DESCALE**
Descale notification will be displayed when the oven has operated up to 50 hours of steaming, to notify users to deep cleans the oven.
- **HIGH TEMPERATURE STEAM CLEAN**
at 100°C for 10 minutes.
- **DRY VENTILATION**
Drying the chamber.
- **DEODOR**
Minimize / remove the odor.
- **STERILIZATION**
Eliminates harmful bacteria up to 99.99%.

FUNCTIONS

- **JERKY FUNCTION**
Drying meat with temperature ranges from **50 - 230°C**
- **STEW FUNCTION**
Stew soup or dessert up to 4 hours.
- **PROOF FUNCTION**
Ferments dough with shorter time.
- **KEEP WARM FUNCTION**
Keep your food warm.
- **DEFROST FUNCTION**
Thaw frozen food before cooking.

HUMANIZED DESIGN

- **3 LAYER GLASS WITH LOW-E**
Keep the door surface safe to touch during operation.
- **50+6 PRESET MENU**
To cater all your cooking needs.
- **32L CAPACITY**
Cook food of all shapes and sizes effortlessly.

- . Triple drying technology . Fan dry: 30 mins
- . 96 Hours Storage System
- . Automated Drainage System
- . Fits 55 pieces of tablewares
- . Food grade 304 stainless steel sink material
- . Waterproofing capacitive touch screen
- . Household water pressure: 0.14MPa - 1MPa
- . Large sink size: 455mm (l) x 405mm (w) x 211mm (d)

INSTALLATION GUIDE

SINK-DISHWASHER SD2F-P6 INSTALLATION GUIDE

BEFORE INSTALLATION REQUIREMENT:

1. The outlet (drainage) pipe must be $\leq 350\text{mm}$ from the ground, pipe diameter $\geq 50\text{mm}$
2. Table top cut-out size must be ready before installation
3. Prepare a 13amp power point inside the cabinet
- ★ 4. Installation type : Top mount only

BUILT-IN DISHWASHER INSTALLATION GUIDE

BEFORE INSTALLATION REQUIREMENT:

1. The outlet (drainage) pipe & water inlet must be near to dishwasher.
2. The drain hose hook from the ground must be at least 300 mm ~ 500 mm.
3. Cabinet cut-out size must be ready before installation
4. Prepare a 13amp power point inside the cabinet.
5. Do not place any objects to block the ventilation outlet at bottom front of dishwasher.
6. If there is a base of cabinet, it must be strong enough to withstand more than 60Kg.
7. Recommended to prepare skirting board.
8. For BD3B-G6 Dishwasher, it must be installed according to the Figure 1.1

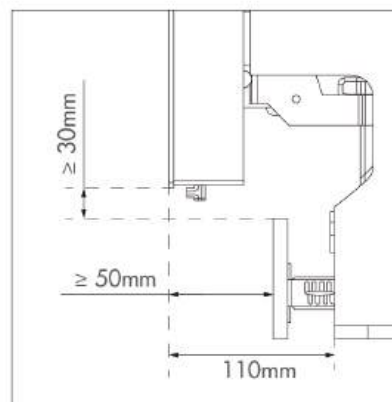

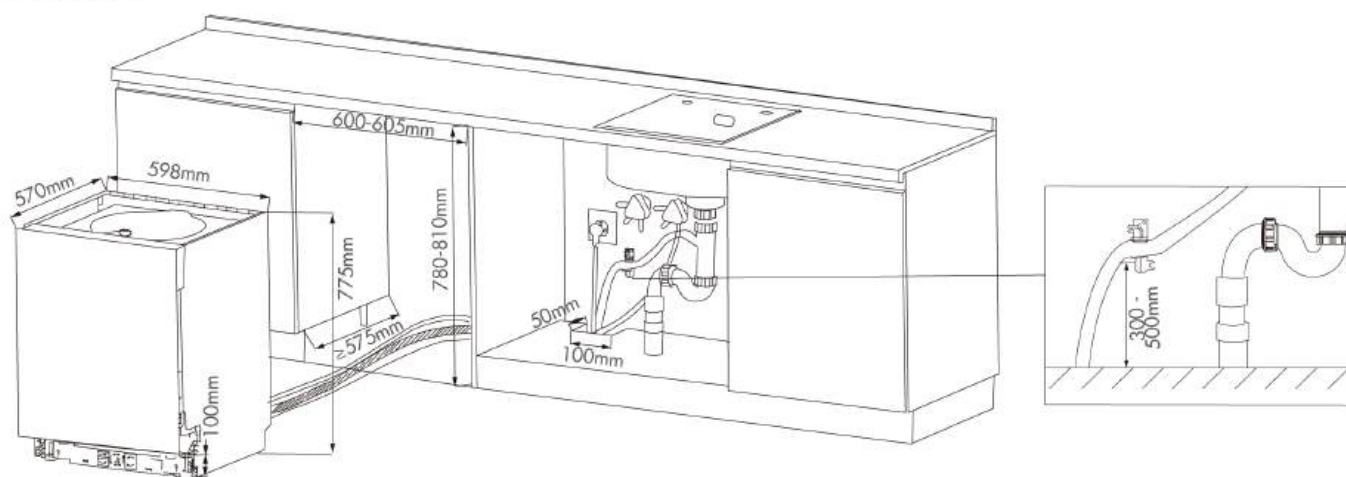

Figure 1.1

HAPPINESS STARTS IN YOUR KITCHEN

Since its inception in 1996, FOTILE has carved a niche in the industry of being the No. 1 high-end kitchen appliances brand in China, specializing in developing built-in kitchen appliances like hoods, hobs, ovens, combi ovens, microwave ovens, steam ovens and sink dishwashers.

We have the largest R&D center in the world covering an area of 8000sqm. With technology, innovation design and performance as the key factors in Fotile manufacturing, we have achieved 13,000+ patents in product and 3300+ in invention, bringing innovative and good quality product to over 17 millions of families around the world. FOTILE commitments to excellence not only bringing satisfaction to our customers, we have won a numerous international accolades namely RedDots design awards, IF Product Design Award that uplifting the industry standard of designs and product innovations.

At FOTILE, our business is built on the foundation of product innovation and creating kitchen appliances that are functional, stylish and family oriented. That is why FOTILE is constantly inventing, designing and creating extraordinary products while maintaining its reputation as a leading kitchen expert that puts families at the first place.

Marking a remarkable milestone, FOTILE has launched its first largest kitchen appliances gallery named the "Fotile Style", located at Taodiang road, Shanghai, in year 2012. This gallery showcasing the brand's most prestigious kitchen appliances. A 'futuristic corner' is introduced in this gallery, allows visitors to take a glimpse into some of FOTILE'S most innovative technology.

With over 20 years of experience in servicing Malaysian customers, FOTILE Marketing Sdn. Bhd as the sole distributor of FOTILE kitchen appliances in Malaysia, has the expertise to offer functional and stylish kitchen appliances that suited to Asian cooking.

Today, FOTILE Malaysia enjoys its position as a reputable premium kitchenware brand in Malaysia with a strong following of happy and satisfied customers. We strive to innovate our product and service, providing a full spectrum of cooking solutions that caters to every Malaysian kitchen need.

Available in more than 30 countries around the world. 10, 000+ families choose FOTILE every day.

5000+ patents for kitchen appliances*, 900+ patents for invention*, leading technological innovation in the kitchen industry

Dusseldorf, Germany; Osaka, Japan; Ningbo, China; three global centers

Revise international standards* for extractor hoods

* The patents are mainly in China.

* IEC 60335-2-31: Household and Similar Electrical Appliances-Safety-Part 2-31: Particular Requirements for Range Hoods and Other Cooking Fume Extractors.
